Market leading innovations.

The Cartwright Group is one of the UK's leading commercial vehicle body, trailer and conversion manufacturers, offering the largest, most diverse and innovative range of products available in the UK market today. The privately owned family business has been in operation since 1952 and the head office is based on a 38-acre site in Altrincham, Cheshire. Testament to the company's products, innovative approach, build quality and support services are the current customer relationships that span back over 5 decades.

We design and manufacture the widest range of trailers in the UK. All of which can be customised to meet the exacting needs of the customer. Export options are available for all products. Visit www.cartwright-group.co.uk for more information and product options.

Innovation. It's in our DNA.

Innovation is what keeps us ahead of the market, underpinning everything we do from new products to services and processes. We encourage and promote creative thinking to ensure our products and processes are evolutionary, providing added value to our customers, delivering commercial advantages within a highly competitive and cost sensitive environment.

Our People.

Our people drive our success. We create an environment where our people thrive and pull together as a team to deliver innovative, market leading products and support services. It's with the dedication of our people that we continue to serve our customers and deliver long-term value and generate peace-of-mind. We invest in our people to ensure their interests are at the forefront of our business and that they remain focused on the job in hand. It is our goal to maximise our staff's potential and promote creative thinking. We encourage staff to challenge the way we do things, be innovative in their approach and seek ways to improve and streamline processes which will bring commercial and market leading advantages.

EXPORT

Our “**Better. Built in Britain**” reputation is recognised throughout the world and has been instrumental in developing customer relationships across the globe including mainland Europe. All of our trailers and conversions are available for export either directly or through our international colleagues and working closely with our overseas customers we are able to customise each vehicle perfectly to suit the needs and requirements of the destination markets.

To find out more about our export capabilities and how we support our products when in operation, call **0161 928 0966** or email **sales@cartwright-group.co.uk**

The Cartwright Group of Companies.

The transport element of the supply chain is highly competitive. Commercial vehicle operators need peace of mind that their vehicles conform to stringent regulations and that they operate reliable products with low, whole-life cost of operation and ownership.

They need flexibility in the way that they finance their operations. They want reassurance that their vehicles deliver maximum up-time and a nationwide breakdown, service and repair network is therefore a must. The Cartwright Group of companies has evolved to provide a complete end-to-end design, manufacturing, conversion and associated whole life service offering.

- An innovative range of products and services to cater for all operational needs
- A one-stop shop for all trailer, conversion, acquisition and disposal requirements
- 24/7/365 Nationwide service, repair, breakdown and recovery.

FLEET MANAGEMENT & MORE

- All makes flexible commercial vehicle and trailer fleet management
- Fleet safety and operator compliance at the core of all processes
- Downtime controlled through proactive VOR management
- Highly skilled national mobile, main dealer and independent service and repair network
- YourFleet Live - secure cloud-based, real time customer and supplier portal
- Flexible Contract Hire
- Parts supply and distribution
- 24/7/365 breakdown and roadside recovery
- Accident repairs and fleet refurbishment

Cartwright Fleet Services.

At CFS, we help customers optimise the management of their fleets. In-house or outsourced, we provide flexible solutions to meet customer's requirements. We use our maintenance expertise to offer total asset management solutions that fleet operators can rely on, trusting us to keep their vehicles compliant, safe and efficient, minimising vehicle and trailer down time.

As part of the Cartwright Group, we are supported by a vast range of technical, engineering, manufacturing knowledge and experience. Working closely with our customers we are able to provide a complete range of highly flexible, market leading fleet service solutions that meet exacting requirements. The options include full fleet management solutions to individual services that match business needs.

Cartwright Rentals.

Cartwright Rentals has more than 6,500 assets available through a range of highly flexible lease and rental solutions. Our diverse range of trailer rentals appeals to an equally diverse range of customers. Working closely with our sister company, Cartwright Finance, our rental options are geared to our customers needs, ranging from one day to multi-years. Many of our customers prefer a trailer rental solution as it allows them to optimise their financial position and provide financial resource for other areas of their business.

Cartwright Finance.

Cartwright Finance provides a range of flexible asset finance options to best suit your business. Whether you are looking to finance a single trailer, multi-vehicle fleet or other assets, we have the expertise and industry experience to provide you with a market leading, single point solution.

We work closely with you to ensure you receive a hassle-free, seamless experience when you buy from the Cartwright Group. We are not tied to any one particular financial organisation and we listen to your specific needs and match you with the best finance option to ensure you receive excellent value for money.

Innovation underpins the design and manufacturing side of our business and this continues with the asset finance services we provide. We have access to a wide range of market leading asset funders so we are able to provide you with competitive funding solutions, ensuring we offer the perfect, added value solution for your business.

Cartwright Conversions.

Whether it's an existing specification or a completely bespoke solution, Cartwright Conversions work with their customers from initial enquiry to long after they take delivery of their vehicles – customer service is at the heart of everything we do.

All conversions are designed by industry leading engineers and manufactured in-house by an experienced team of Cartwright trained technical specialists at our dedicated conversion facility in Doncaster. Attention to detail is reflected in the quality of build, safety of application and long-term reliability of our wide-ranging conversion products. Our flexible approach to design and manufacturing includes a software planning application that optimises production whether it's a single vehicle or a large fleet requirement.

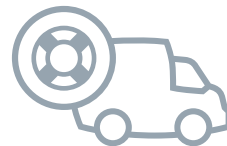

- Dedicated conversion facility
- ECWVTA or NSSTA
- Full exporting capability
- Warranty and Finance

Apprenticeship Programme.

REAL CAREER PROSPECTS

The Cartwright Group is renowned for its award winning apprenticeship programme.

Our programme allows apprentices to earn whilst they learn and is proving a popular alternative to full time college and university educations. We provide a choice of skills specialisation, day-release college and mentoring support to maximise individuals development and achievement of Engineering Level 2, 3 and HND qualifications. Specialist and advanced 3rd and 4th year training modules are also available to those apprentices that wish to further their training and demonstrate potential to develop in other areas of the business.

The Cartwright Apprenticeship Programme has become a benchmark within the industry, in 2016 it was recognised nationally and awarded the highly coveted title of Motor Transport Apprenticeship of the Year.
